<p>AEP Energy purchases all of its electric energy from the wholesale market. The above generation resource mix is based on PJM reporting of regional generation sources. AEP Energy does not have access to information regarding the radioactive waste produced by nuclear generation in the region.</p>																				
<p>With in-depth analysis, the environmental characteristics of any form of electric generation will reveal benefits as well as costs. For further information, contact AEP Energy at www.AEPenergy.com or by phone at 1-866-258-3782.</p>
